Sir:

In reply to the May 9, 2003, Office Action, please amend the above-identified application as follows:

In the Claims:

Please replace Claims 58, 80 and 88 as follows:

58. (Amended Once) A system for monitoring and tracking at least a portion of a blood component collection procedure in a blood component collection facility, performed upon a donor, by an operator, the system comprising:

a blood component collection instrument for collecting a blood component from the donor, the donor having a donor identifier and the blood component collection instrument having a blood collection instrument identifier;

a blood component collection kit having a blood component collection kit identifier, the blood component collection kit for collecting the blood component from the donor;
